EXPERIENCE

FRONTEND DEVELOPER

Marvel 2/2022 - ongoing

Full-time work

Designing mockups, building ui-library, working on a B2B project, troubles shooting and creating interfaces using TypeScript, React, styled-components and MobX. Currently, working on updating old web interfaces with new design.

FRONTEND DEVELOPER

ADEVI (Australia) 01/2022 - 02/ 2022

Remote full-time project work

I worked in a multinational team. Created a login/registration form components with React-Final-Form and several other components with logic using TypeScript, HTML5, CSS3, React, Redux and Material-UI.

JUNIOR FRONTEND DEVELOPER

SportApp Train-Time (Czech Republic) 10/2019 - 12/ 2019

Remote part-time project work

I was privileged to work in a team to create functional website using HTML5, CSS3, React and Material-UI. I was responsible for creating new React components making them look and work correctly. Took part in creating mockup and developing new features.
